INFORMATION IS NOT EDUCATION,
APPLICATION IS...

PRESENTED BY FANTASTIC 4

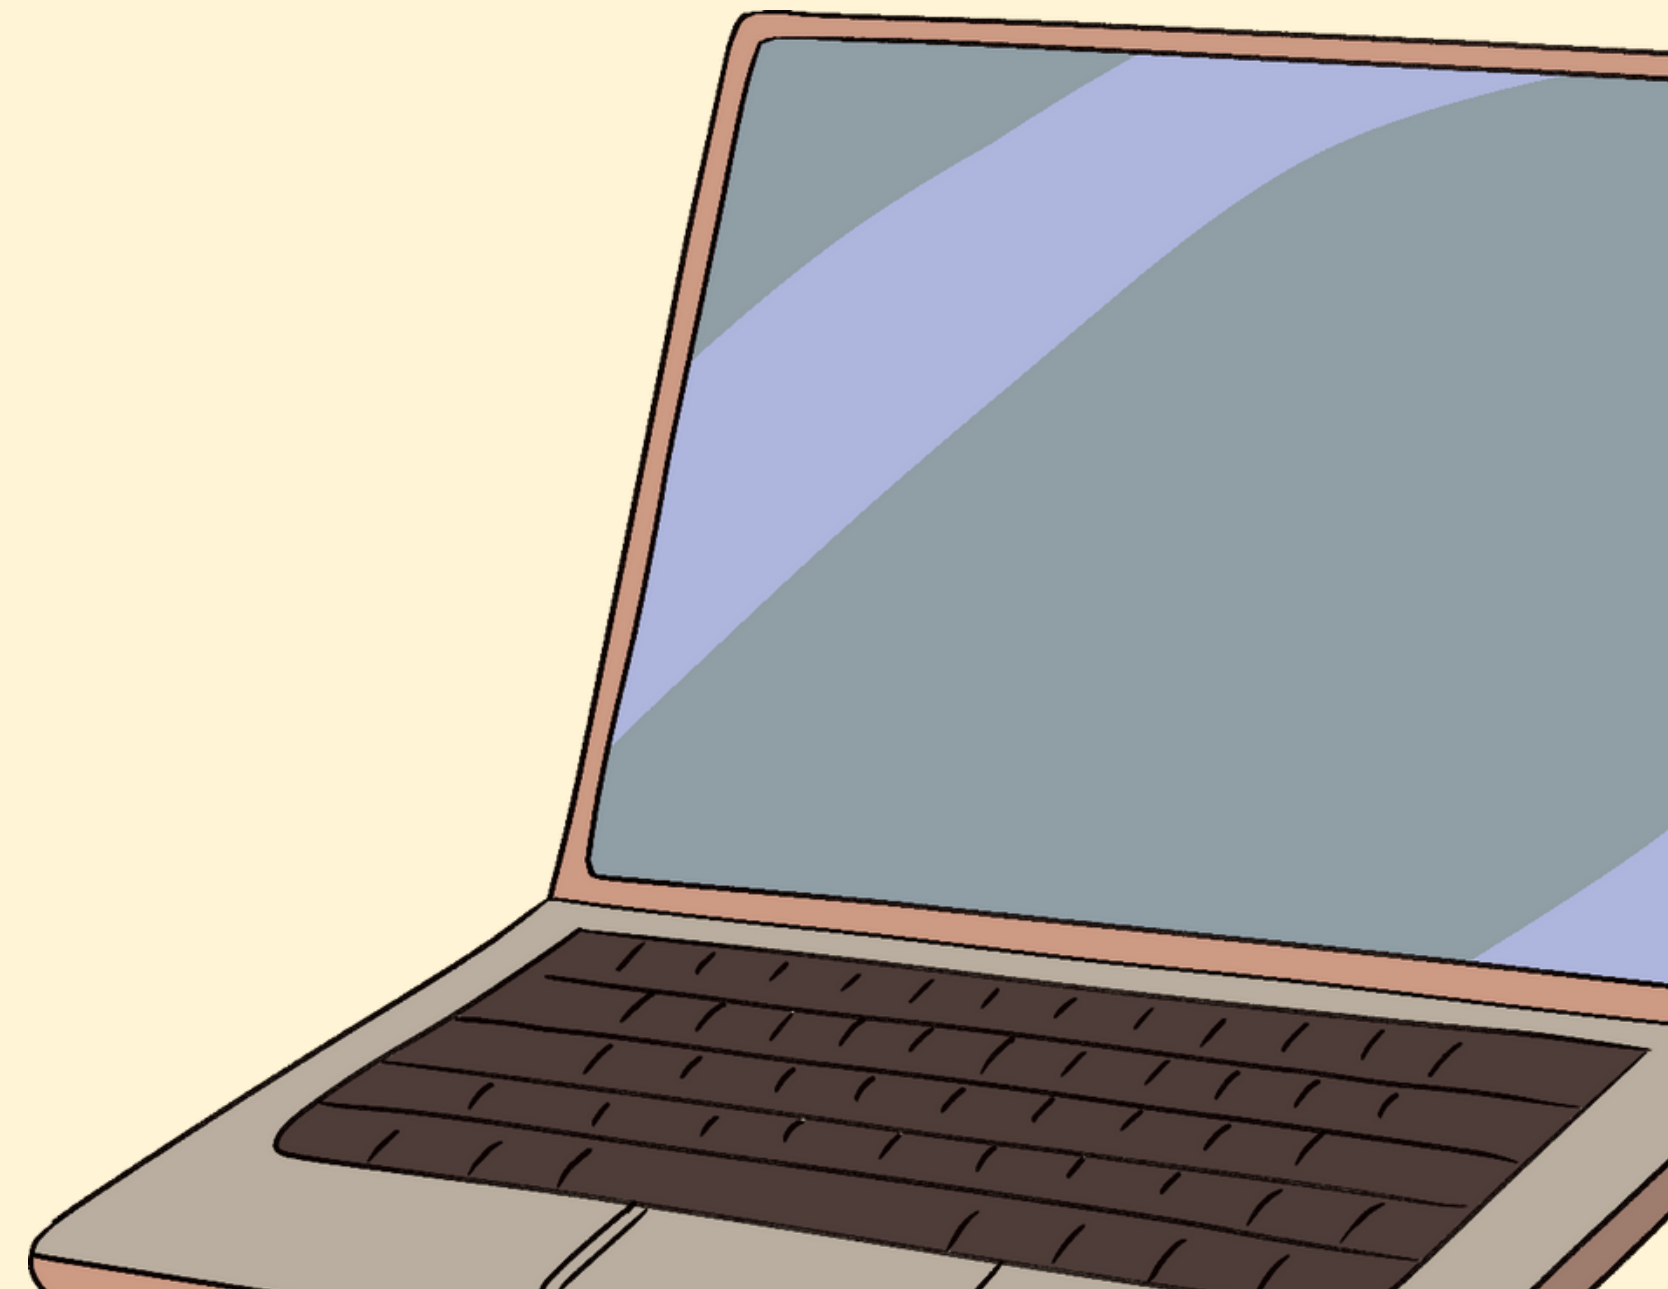

CURRENT SCENARIO

- NEP was introduced by Indian government in 2020 w.e.f. the very next year.
- Many critics mark the policy as lackluster and impotent in serving The Indian Education System.
- It is supposedly based on foundational pillars Access, Affordability, Equity, Quality and Accountability.

LIFE SKILL NOT TAUGHT

- Financial Literacy
- Emergency Medical Training (E.M.T.)
- Sports
- Social Skills

SPORTS

- "Sport" means all forms of activity which, through casual or organized participation, aim at expressing or improving physical fitness and mental well-being, forming social relationships or obtaining results in competition at all levels.

SOCIAL SKILLS

- A social skill is any competence facilitating interaction and communication with others where social rules and relations are created, communicated, and changed in verbal and nonverbal ways.

FINANCIAL LITERACY

E.M.T.

- Financial literacy is the ability to understand and effectively use various financial skills, including personal financial management, budgeting, and investing.
- Financial literacy is the foundation of your relationship with money, and it is a lifelong journey of learning.

- The first step in any emergency is the recognition of the problem and providing help.
- When in doubt or when someone is seriously injured or ill, you should be knowing the bare minimum to provide care to him/her.
